POLITICAL ANNOUNCEMENTS

We are authorized to announce C. L. KENNEY as a candidate for the office of Assessor of Lafayette County, subject to the action of the Democratic voters at the Primary Election to be held August 3, 1920.

We are authorized to announce J. B. HEREFORD of Odessa, as a candidate for the office of State Senator from the Seventeenth District, subject to the action of the Democratic voters at the Primary Election to be held August 3, 1920.

Whether or not the supreme court declares the Volstead Act unconstitutional, its bound to be a cropper for many a congressman at the August primary.

Will Hays, chairman of the Republican National Committee, has been ordained an elder in the Presbyterian church at Sullivan, Ind., to succeed his father, who was an elder for thirty years. This would indicate that there is some good in all of us, after all.

Mrs. Thos. Holman went to Kansas City Monday for a few days' visit.

Haw Diphtheria is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

McCAUSLAND'S

The Navy Was Ready.

From Admiral Sims' charges that at the beginning of the war the United States Navy was in a state of inefficiency and unpreparedness, Admiral Mayo and Admiral Rodman wholly dissent, observes the New York World. Both are exceptionally qualified to give expert testimony. Both were on sea service during the war, while Admiral Sims was stationed at London in charge of operations abroad. Admiral Mayo was in command of the Atlantic Fleet, and Rodman commanded the squadron of battleships attached to the British North Sea Fleet.

Equally to the point is the answer of Admiral H. B. Wilson, Commander in Chief of the Atlantic Fleet, to Admiral Sims' criticisms of the Navy Department's conduct in the war. He declares that the active fleet never was better prepared for war than in April, 1917, and that the Navy Department energetically co-operated with the Allies from the moment war was declared. The navy's accomplishments in the war, he says, "deserves the commendation of the nation, for they were so stupendous as to make relatively unimportant any mistakes."

Disagreement among experts is always to be expected. In the navy it is inevitable that they should divide into opposing camps, whether on the subject of guns, armament, plans for new construction or general policy. It is unfortunate for Admiral Sims that in the controversy he has carried on so aggressively he should have found so little support among officers of high rank.

But after all, navy officers testifying before the Senate investigating committee have given their personal opinions. The main issue remains unchanged. As a proof of its efficiency, the United States Navy conveyed nearly 2,000,000 troops to Europe without losing a man. In fact the American people have reason to remember its service with pride, whatever mistakes of detail may have been made.

Eight Centuries Old.

What has been called Japan's most peculiar tree is the boat tree which grows in the garden of a temple. For more than eight centuries it has been trained to grow in a most remarkable shape, lower branches extending along the ground, then curving up in such a way as to suggest the shape of a boat; while the tree itself rises from the centre, recalling the position of the mast. Needless to say the Japanese have legends which they connect with this curious pine tree.—Toronto Globe.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Lexington. No Lexington resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Mrs. Butler Talbott, 2107 Franklin Ave., Lexington, says: "Congestion of my kidneys and inflammation of my bladder have given me intense suffering. I had a dull nagging backache and pains would shoot through my kidneys. I also suffered from lumbago and rheumatic pains in my back which made it hard for me to work. I doctored but got no real benefit until I used Doan's Kidney Pills which I got at Crenshaw & Young's Drug Store."

Mrs. Talbott gave the above statement December 4, 1911, and on March 12, 1920, she added: "I am just as strong as ever for Doan's Kidney Pills for they certainly cured me up in good shape and I have had no trouble with my kidneys or back since. I gladly confirm all I said in my former statement."

DULL AND SHARP SHOOTING PAINS

Michigan Lady Suffered Such Pains In Back and Head, But Says Cardui Stopped These Bad Spells.

Palmyra, Mich.—Mrs. Chas. T. Fuller, of this place, writes: "In 1911 I got run-down, and I suffered great pain...with both dull and sharp shooting pains...also back and head. I was weak and could only drag around, and should have been in bed, for I really wasn't able to be up. At times I would have spells that would be so bad I'd have to go to bed, and suffered intensely..."

I decided to try Cardui, and saw a great improvement in less than a month's time. I used 7 or 8 bottles and was stronger...I got so much better that my strength returned and my work was easy for me. Cardui did me a world of good. It built me up in health and strength. I haven't had one of those bad spells since. I haven't had to take any more medicine since or have any doctors either and have been able to do my work right along...I recommend it to other women highly as the best medicine I know of for women who suffer from female trouble."

If you suffer from female troubles, follow this advice. Get a bottle of Cardui today and give it a thorough trial. It should help you, as it has helped thousands of other women in the past 40 years. At all druggists. EB-14
